

FUTURE FOODS: ALTERNATIVE INGREDIENTS

Cell Essence® (Naturally extracted Pork Flavour from Cells)

Crafted to emulate the rich, savoury essence of pork, a few drops transform ordinary meals into gourmet experiences with depth and umami. The epitome of food innovation, Cell Essence® offers an unparalleled gastronomic experience while embracing a sustainable and ethical lifestyle.

Lean Meat Cut Alternative

Discover our revolutionary plant-based lean meat cut, powered by our proprietary SMILE tech: healthier & more sustainable, and with realistic fibrous textures that are indistinguishable from the real deal! Just like real meat, simply marinate and cook for a deliciously versatile option.

Marbled Meat Cut Alternative

Introducing Asia's first ethical gourmet marbled meat range. This innovative cell-enhanced meat cut delivers the next generation of culinary journey, offering an alternative meat-eating experience like never before!
